Spring 2026

Dear Beloved Community,

In this season of renewal, we find ourselves in the living spirit of our pledge drive, “**Envision Growth, Empower Our Future.**” This is not just a theme—it is something we are actively practicing together, right now. We are envisioning what our community can become, and we are empowering that future through our shared commitment.

Each pledge is an **investment**—not only in programs or a place, but in a living, breathing community rooted in love. At the heart of Unitarian Universalism is the belief in the inherent worth and dignity of every person, and our deep connection within the interdependent web of all existence. Your generosity strengthens that web. It allows us to show up for one another, to nurture our children, to gather in times of grief and celebration, and to act boldly for justice in the world.

As Unitarian Universalist minister and theologian Forrest Church reminds us, “We are saved by love—by love for ourselves, by love for others, and by love for the world.” This is the love we are investing in together.

In a time when fear and scarcity can dominate public life, your giving becomes something more: it is an act of **generosity**, and even an act of quiet **defiance**. To give is to say that love still leads. That community still matters. That hope is worth investing in.

Your pledge directly supports the real, everyday work of this congregation—our staff, our building, our rent, our insurance. These are not abstract needs; they are the foundation that makes everything else possible. We are committed to transparency and care, holding these resources with integrity and purpose.

Together, we are not only sustaining what is—we are envisioning what can be. And through your generosity, we are empowering a future grounded in love.

With gratitude and hope,
Rev. Robert Blair Jr.
